|   |
| 3. Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).   |
| Box III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)  |
| This International Searching Authority found multiple inventions in this international application, as follows:   |
| see additional sheet  |
|   |
| 1. As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.   |
| 2. X all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.  |
